

Treasury Department,

BUREAU OF THE MINT,

Washington, D. C., January 27, 1887.

Sir:

You are perhaps aware that a revision is being made of the Instructions and Regulations of 1881.

Before going to press it seems desirable to have a statement of the medal branch of the work of your mint, from the authorization to strike medals to final payment, including the basis for computation of "losses."

Very respectfully,

Hon. Carl N. Fox,

Superintendent Mint,
Philadelphia~~Wm. Kimball~~
Director of the Mint
